

# DIZI FINGER CHART KEY OF "G"

The diagram shows a Dizi flute with seven finger holes labeled Hole 6 to Hole 1 from left to right. A table below the flute provides the fingering for various notes. Each cell in the table contains a circle: a solid black circle indicates a hole to be covered, an open circle indicates a hole to be left open, and a half-filled circle indicates a half-hole. To the left of the table is a vertical staff with a treble clef and a key signature of two sharps (F# and C#). The notes on the staff correspond to the notes in the table, with some notes having accidentals (sharps) to indicate the key signature.
